THE MALTESE ISLANDS

COMINO

Only Malta, Gozo and Comino, out of the four islands that make up the Maltese archipelago, are inhabited; Filfla is not.

The archipelago is lies almost in the centre of the Mediterranean Sea, with Malta 288 kilometres north of Africa and 93 kilometres south of Sicily. Beirut is 1,928 kilometres to the east and Gibraltar 1,826 kilometres to the west.

As of July 2022, the population of the 316 square kilometres (Malta 246, Gozo 67 and Comino 2.7) islands was estimated to be 533,985 people.

Gozo

Gozo is smaller than Malta, its sister island, and has a very different character. The island is more rustic and rural.

The countryside is greener and more spectacular. The Gozitan scenery is characterised by flat-topped hills, and its shoreline features craggy cliffs that are broken up by steep valleys and scenic coves.

Gozo measures 14.5 kilometres in length, 7.2 kilometres in width, and 43 kilometres in circumference.

MELLIEHA

The island's capital, Victoria, is distinguished by its Citadel (*left*).

The main port in Gozo is Mgarr.

Comino

The tiniest inhabited island in the archipelago is Comino (*below*). In this picture-perfect small sanctuary, neither traffic nor any other loud activity disturbs the quiet.

The island's numerous coves and its famous Blue Lagoon's crystal-clear waters make it the ideal location for the majority of types of water sports, especially snorkelling.

Malta

The island of Malta has a maximum width of 14.5 kilometres along an eastwest axis and a maximum length of about 27 kilometres from the south-east to the north-west.

Malta is made up of a

number of low hills with terraced fields on their slopes. It has neither mountains or rivers.

The rocky coves, harbours, bays, creeks and occasional sandy beaches dot Malta's coastline. The island's coastline is 137 kilometres long.

Valletta (*above*) – the fourth-smallest capital in Europe – is surrounded by the Grand Harbour and Marsamxett Harbour and is perched on Mount Sceberras.

GENERAL INFORMATION

Accommodation — There are many different lodging options in the Maltese islands, including hotels, tourist villages (there is only one), guest houses, hostels, self-catering farms, villas and flats. They must show the certificate attesting to their category, as all properties are classified by the Malta Tourism Authority (MTA) in accordance with generally accepted standards.

Currently, the MTA does not have a specific category for boutique hotels, which are hotels with 30 rooms or fewer.

Airlines — Malta's flag carrier is **Air Malta**. It flies to most capitals and major cities in Europe, as well as to North Africa, using a fleet of eight Airbus A320 aircraft. For reservations, the airline's route network and timetable, go to www.airmalta.com.

A low-cost airline called **Malta Air** was founded in June 2019. It is a joint venture between the Maltese government and Ryanair of Ireland. It operates a fleet of Boeing B-737-800s and B-737 MAX 200s.

Its original route network of 66 European destinations was altered because of the pandemic. Visit www.ryanair.com/mt to get the schedule and route map.

Other Malta-registered carriers include Lauda Europe and Wizz Air Malta.

Other airlines fly scheduled and charter services to Malta. (Go to www.maltairport.com/passenger/flights-landing/arrivals-departures for flight schedules.)

Baby requisites — All well-known brands of milk formulae, nappies, medicines and other infant goods are sold in pharmacies and supermarkets.

Beaches — Sandy beaches can be found across Malta, although the best-known ones are Mellieha Bay, Gnejna Bay, Golden Bay, Ghajn Tuffieha, Paradise Bay and the perched beach in Qawra. The only sandy beach in the Sliema-St Julian's area is St George's Bay.

Sta Marija Bay and St Niklaw Bay are two sandy beaches on the island of Comino. Ramla Bay in Gozo is notable for having stunning red sand. The majority of other beach locations allow for rock bathing. (See *Beaches on the islands below*.)

Charge and credit cards — The majority of lodging establishments, eateries and shops accept the more widely used credit, charge and prepaid debit cards, including those issued by digital banking firms.

Chemists — There are chemists in all towns and villages; these are open during normal shopping hours.

On Sundays, chemists open on a roster basis from 09:00 to 12:30 in Malta and from 07:30 to 11:00 in Gozo. Check Sunday newspapers or go to www.pharmacy.com.mt/roster.

Climate — Malta experiences a characteristically Mediterranean climate that is affected by the sea. The winters are mild, with only sporadic cold snaps brought on by northerly and north-easterly winds from central Europe.

Summers are sunny, dry and hot. Sea breezes frequently keep daytime temperatures mild, although in spring and autumn a hot African wind can bring uncomfortable high temperatures. This is the *scirocco*, which also affects Greece and Italy; in Malta, the air is usually drier because of the short sea track from the African coast.

Annual rainfall is low and the length of the dry season in summer is longer than in southern Italy. The islands have a very sunny climate with a daily average of five to six hours of sunshine in mid-winter and more than 12 hours a day in summer.

Cuisine — Italian cooking heavily influences the islands' cuisine, although most restaurants also serve continental dishes.

Local specialities include stewed rabbit, the national dish; *bragjoli* (beef olives); *timpana* (baked macaroni) and *torta tal-lampuki* (dorado pie).

The national snack is the *pastizzi*, a small boat-shaped pastry filled with either ricotta cheese or mushy peas.

Currency — The unit of currency is the euro, that Malta adopted on 1 January 2008. **Driving** — As in many Commonwealth countries, driving in Malta is on the left. There is a speed limit of 80kph (50mph) on highways and 50kph (30mph) in urban areas, although actual limits are usually lower, normally between 60kph (37mph) and 70kph (44mph).

Electricity — The electrical supply is 240 volts, single phase, 50 cycles. The 13-ampere, three-pin rectangular sockets are used in Malta.

Entry regulations — Malta joined the Schengen system on 21 December 2007 and adheres to that convention's regulations. For details on entry into Malta from outside the EU, go to Identity Malta's web page at www.identitymalta.com/unit/central-visa-unit.

Ferries — The Gozo Channel Company operates daily Ro-Ro services from Cirkewwa in Malta to Mgarr in Gozo. For schedules, visit www.gozochannel.com/ferry/ schedule.

Gozo Fast Ferries operates a high-speed catamaran service between Lascaris Wharf Terminal in Valletta's Grand Harbour and Gozo's Mgarr terminal. For schedules, go to www.gozofastferry.com.

The **Comino Ferries Co-Op** (www.cominoferries.com) operates a passenger-only shuttle from Cirkewwa to the Blue Lagoon in Comino.

Valletta Ferry Services (www.vallettaferryservices.com) runs a passenger-only ferries from Sliema to Valletta and from Valletta to Vittoriosa.

Ponte Ferries began operating a regular passenger and vehicle catamaran service between Malta and Augusta, in eastern Sicily, in November 2021. It paused services over winter 2022/2023.

Virtu Ferries (www.virtuferries.com) operates a high speed, passenger and vehicle catamaran service between Malta and Pozzallo, in southern Sicily (see page 128).

Flight enquiries — Call 52302000. Schedules are also available online at www. maltairport.com/passenger/flights-landing/arrivals-departures.

Health — Vaccination certificates are not required to enter the country. However, cholera vaccination certificates are required if arriving from an infected area. Yellow fever immunisation is needed if arriving within six days of leaving an infected area (at the time of writing, December 2022, all COVID-19 restrictions have been lifted).

Language — Maltese and English are the official languages of Malta. Maltese is a Semitic language similar to Levantine Arabic and written in the Roman script; the alphabet comprises 30 characters — 24 consonants and six vowels.

Maltese also includes many words of Italian, French and English origin.

Religion — The majority of Maltese are Roman Catholic. There are small Anglican, Church of Scotland, Greek Catholic and Orthodox, Hindu, Jewish and Muslim communities.

Restaurants — There are more than 3,500 eateries on the islands. The majority are modest, but there are also some fine restaurants that serve ethnic, continental and fad cuisines.

Time — Malta is on Central European Time, one hour ahead of Greenwich Mean Time in winter and two hours from the last Sunday in March until the last Sunday in October.

Tipping — Taxi drivers do not expect a tip, but 10 per cent of the fare is customary; restaurants — unless a service charge has been added to the bill — 10 per cent. Car park attendants expect to be tipped; the amount given is at one's discretion.

Water — Although it may taste unpleasant and is hard, tap water is safe to drink.

ACCOMMODATION DEFINITIONS

Boutique botel — there is no clear definition of what a boutique hotel is, but it is generally agreed that it should have no more than 30 rooms, be independent, or be a part of a chain that specializes in such accommodations. It should be situated in the heart of the city, have stylish décor and and offer a personal touch to every guest. **Guest house** — a guest house must be in a building or part of a building with an independent entrance.

Rooms must have appropriate furniture and furnishings; however, sanitary facilities must be provided in the ratio of at least one bath/shower for every 10 persons or one bath/shower per floor.

All accommodations are classified by the Malta Tourism Authority

Hostel — means any building in which accommodation, ancillary services and amenities of a basic standard are provided for the public by a common management.
 Hotel — a hotel means any building or interconnected buildings in which accommodation, ancillary services and amenities are provided for the public by professional management.

Accommodation is in rooms and/or suites and may also include self-catering units. **Tourist village** — a tourist village must firstly meet the main definition of a hotel. A tourist village must be installed within an extensive and single land area and designed in such a way so as not to exceed the height of a three-storey building.

Tourist village accommodation must be provided in self-catering units or a mix of hotel type rooms. It must have a common entrance and reception, and provide opportunities for sports, recreation and other outdoor activities. (There is only one tourist village on the islands.)

CLASSIFICATION CRITERIA

Boutique hotels are not classified as a separate category by the Malta Tourism Authority. In the directory they are listed under this grouping with their MTA classification also included.

Guest bouses and bostels are classified as 'comfort' — denoting the highest grade
 — and 'standard', the lowest grade.

Hotels are classified from five to two star. **Tourist villages** are classified as two, three or four star.

Five star — fully air-conditioned accommodation; all rooms must have a private bath and shower, a telephone, a radio and TV set; 24-hour room service; a bar, restaurant and a coffee shop; a lounge area; dancing facilities; a swimming pool and sports facilities; the front office must be manned 24-hours; it must also offer a laundry, ironing and dry-cleaning service and have shops and a hairdresser.

Four star — fully air-conditioned accommodation; all rooms must have a private bath or shower, an 'internal or external' telephone and radio; room service from breakfast to midnight; a bar, a restaurant and a lounge; a swimming pool or a private beach; the front office must be manned 24-hours; it must also offer a laundry, pressing and dry-cleaning service and have shops and a hairdresser.

Three star — all rooms must have a private bath or shower and an 'internal or external' telephone; a bar, a restaurant and a lounge; the front office must be manned on a 24-hour basis; it must also offer a laundry, pressing and dry-cleaning. *Two star* — all rooms must have a bath or shower; moreover, all rooms must have a wash-hand basin and a mirror plus an inter-telephone or similar facility; breakfast facilities must be available; the front office must be manned during the day and at night a porter service must be available.

Most upscale hotels have indoor swimming pools and spas

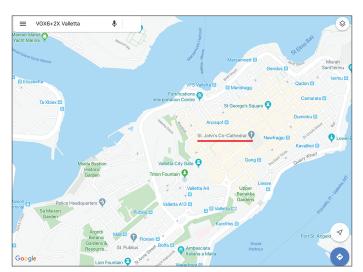

ECO CERTIFICATION

Eco certification is the national scheme for ensuring the environmental, socio-economic and cultural sustainability of hotels on the Maltese islands, and has been

recognised by the Global Sustainable Tourism Council as fully reflecting the GSTC criteria. The scheme was launched by the MTA in 2002; its criteria were updated in 2008, 2012 and in 2019.

Audits are carried out biannually to ensure that requirements are met. Eco certified hotels may exhibit the appropriate logo (*left*).

Enter VGX6+2X Valletta in Google Maps for directions to St John's Co-Cathedral

GOOGLE PLUS CODES

Google plus codes work just like street addresses. When an address isn't available, or is too long, you can use a plus code to find or share a place on Google Maps.

A plus code combines two elements: a code of six or seven letters and numbers and the name of the locality.

By way of an example, this is the code for St John's Co-Cathedral in Valletta: VGX6+2X Valletta. The plus code symbol is ::.

To find a location using plus codes, open Google Maps on a tablet, computer or smartphone. At the top, tap the search box and enter the plus code.

QR CODES

In the directory you will see Quick Response (QR) codes alongside entries and on some advertisements — these contain a link to an advertiser's website.

Codes can be read by most smartphone cameras or with a QR code reader. These apps may be downloaded from the App Store for iPhones or Google Play for Android devices — and most are free.

After downloading and installing the app, launch it and point your smartphone's camera at the QR code. The app will scan the code and direct you to the relevant website.

(Scan this Quick Response code to discover treasures of Malta. It will give you access to several online exhibits such the story of the Great Siege of 1565, how Malta helped thwart Napoleon in 1805, the mysterious discoveries inside an ancient tomb plus

USING THE DIRECTORY

Hotel name and address — entries are listed alphabetically with their address. Google Plus code and telephone numbers plus their e-mail, internet addresses and Facebook link (for advertisers).

Category — each entry is prefixed by the property's star rating; five stars being the highest and two stars the lowest. The official classification of boutique hotels is shown in the property's listing. Guest houses and hostels are rated as 'comfort' or 'standard'.

Location and certification — the following terminology is used to describe locations:

Town — built up area, some distance from the sea

Town/seaside — built up area with the sea and/or beach within easy walking distance Seaside — facing the sea or a beach Beach — on or very close to a beach

Countryside — rural area.

If a property closes in winter, this is shown by the entry marked WC and the period of closure.

The symbol denotes that the property is Fco Certified

Facilities — the first entry shows the number of letting bedrooms, suites, no smoking rooms - denoted by the ⊗ symbol - and apartments available. The abbreviations *CI* and *CO* are used for a property's check-in and check-out times. The second line shows the availability of timeshare and the number of units dedicated to vacation ownership. F&B outlets are listed as the number operating in winter and in summer. denoted as (Sx).

The rest is self-explanatory. With regards facilities for the disabled. the information has been supplied by the hotel's management and it is advisable to check before booking.

Malta Hotels Directory • 2023

Our hotel is inspired by the life and passions of one man and featuring a touch of the roaring twenties, 1926 Hotel & Spa offers luxurious rooms and suites. The amalgamation of the concepts of lean luxury and wellness make up the foundation on which 1926 Hotel & Spa was built. This includes uncomplicated comfort and great sleep, Resense boutique Spa & wellness centre, including an aquatonic pool, sauna, steam room, tepidarium beds, four treatment rooms and a fitness area. Each room, as well as the common areas, will also make use of local aromatherapy products in order to permeate wellness throughout the hotel.

In addition, 1926 Hotel & Spa will also operate sustainably through smart design technology, including access control, energy management and SuitePad technology, therefore, eliminating the need for plastic and paper.
